1 Abades Triana, Events Full Of Magic

Abades Triana, Gastronomic Center, will make revive your feelings and senses.

Come and feel the magic of this unique place in Seville: located on the riverside of the Guadalquivir river, in the renamed "Betis" street and in front of the Gold Tower and Giralda.

Abades Triana presents as main feature its glass structure; allowing the perfect blending with the surroundings and making the view as part of the background in any meeting, presentation or event in general.

The establishment is prepared to accommodate a wide variety of events thanks to the versatility of its spaces, up to 900 people.

This Gastronomic center includes the spacious glazed main hall; the "Cube", a real squared room of glass that makes the real sensation of being "floating" over the Guadalquivir river; two impressive terraces ("Mirador" and "Pier") facing the river side and offering a full panoraminc view of Seville.

Abades Triana has an exclusive Catering service where the creativity of the cutting edge Andalusian Cuisine, lead by the Chef Elias Del Toro, is able to delight the most demanding palates.

The cuisine mixes the most recent culinary techniques with the tradition of Andalusian Gastronomy & Products.

Cutting edge Andalusian Cuisine in your events. Modern design for your meetings and unique and spectacular views. Have a different look at Seville, as you have never seen it before.

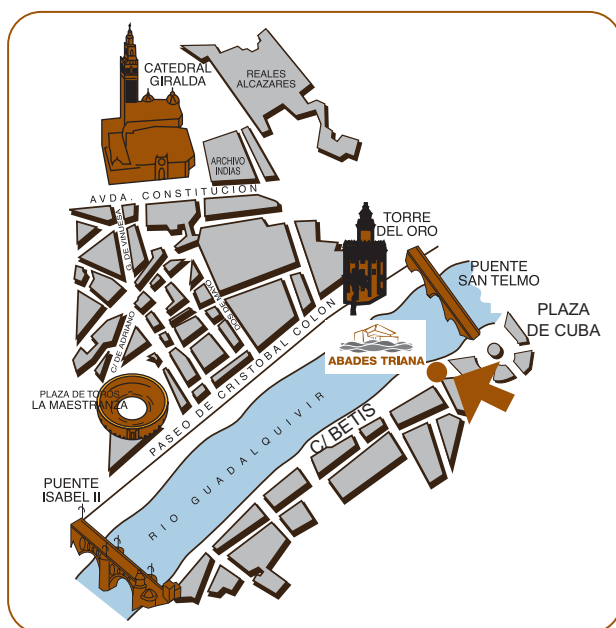

2 Discover our spaces...

The gastronomic Center Abades Triana expects to fulfill the different needs of our clients, in order to do so, we have re-designed our facilities to define best our different spaces:

THE CUBE RESERVÉ MAIN HALL "MIRADOR" TERRACE
"PIER" TERRACE THE CUBE RESERVÉ MAIN HALL "MI
"MIRADOR" TERRACE "PIER" TERRACE THE CUBE RES

ABADES TRIANA,
IN THE HEART OF
SEVILLE

THE CUBE

A proper "Cube" design, entirely of glass and floating over the river, that is the VIP space of Abades Triana.

The Cube is the most privileged place of the Restaurant, a private area conceived to seem it is hanging and being supported by the river at the same time.

This space and its care details immerse the client into a dream journey, while sails through the river and contemplates an incredible skyline.

The cube has a maximum capacity of 28 people.

RESERVE

The "Reservé" is an enclosed area by the window with excellent view to the river, the Gold Tower and the "Giralda".

This space is, as the cube, an intimate room with capacity up to 16 people.

MAIN HALL

The spacious hall allows all kinds of events such as congresses, presentations, incentives, business meetings, cocktails, press conferences, exhibitions, fashion shows...

Since there are no walls, but glass wide windows, the location itself becomes a viewpoint and visual escape that gives a very special value added to each event.

The main hall, due to its versatility, can be divided for small events into 3 different spaces. Used entirely, it can accommodate a maximum of 500 people.

This area communicates directly with the "Mirador" terrace, so that both become spaces in synergy for an open air welcoming cocktail followed by a dinner inside.

"MIRADOR" TERRACE

The magnificent terrace is the ideal place to enjoy the city lights, admire a nice sunset while having a cocktail, welcome drinks, a product launch... The location of the "Mirador" Terrace is on the Betis Street level, next to the main hall. Its incredible views to the city, by the Guadalquivir river, and in front of the Gold Tower or the "Giralda" have given this terrace its name. It is indeed a point of view to contemplate the beautiful skyline of Seville.

In this space you can organise events up to 400 people. We have already done exhibitions, cocktails, car launches, press conferences...

"PIER" TERRACE

In June 2008 opened in the Restaurant Abades Triana the "Pier" terrace, an exclusive open air place, next to the Guadalquivir river, with our partner Moët & Chandon. The prestigious french winery chose Abades Triana as the main scene for the only urban terrace in Spain for the year. Nowadays, the "pier" terrace is intended for cocktails, presentations, media acts... besides events in general, in addition to the actual terrace activity for the summer.

Abades Triana has 2 floors: one on the level of Betis Street, from which there is an entrance to the "mirador" terrace and the main hall; and the other floor below, on the Guadalquivir river level, where the "pier" terrace is located. Both the river and the "pier" terrace are completely fussioned.

The terrace can accommodate up to 350 people.
